JOHNNY DC SAYS: LET THE MAIL BEGIN!

[DRAWING BY MARY STEFAN OF PENNSYLVANIA]

Dear Johnny DC,

Thank you for a great comic book. Please, more stories concerning EDD AND EDDY and COURAGE THE COWARDLY DOG.

John Lovolo
Philadelphia, Pennsylvania

***Sigh* If only all wishes were so easy to make come true.**

— Johnny DC

[DRAWING BY YOSHI COHEN OF TEANECK]

Dear Editor:

DEXTER'S LABORATORY seems to have "fallen from grace" lately, with the cancellation of its own title, but it's always been a favorite of mine—and far superior to its poorly drawn successors such as COW & CHICKEN and the 3 Eds. I always enjoyed the comic book more than the cartoons—something about Dexter's VOICE is

freaking annoying. Maybe he's supposed to sound like an escaped war criminal, but it bothers me. In comics, no voice, no annoyance.

"Creature Beach" in BLOCK PARTY #7 was funny. Dee Dee is a masterful creation—may the oil and water of her and her egghead brother never mix. The monsters weren't so hot, but I loved the idea of the scientifically meticulous Dexter having a dad who is one of those "cook by instinct" people who never take notes or use recipes and do everything "by feel." Not that this is necessarily bad, as anybody with an old grandma will tell you.

Who DID Dexter inherit his scientific abilities from? Certainly nobody in his direct family. His parents, of course, are played as purposely dim to what their son is up to.

Johnny Bravo's my second favorite. Ask any teenager and they'll tell you they know somebody like that. Big man on campus—in his own mind.

Charles D. Brown
Brentwood, New York

Hey, Charles, my older sister, Jenny DC, had to help me answer your letter because it was so interesting. Dexter's movement from his own comic book to BLOCK PARTY isn't a bad thing—just natural evolution in the comics-made-from-TV world. The BLOCK PARTY is glad to have him! (And we'll have to agree to disagree about the cartoons you dislike—we think the artwork is weirdly wonderful.) Speaking of evolution, our theory is that Dexter's genius is a mutation. And, considering how much trouble it gets him into, it may not be a

favorable mutation!
— Johnny and Jenny DC

CHARACTER CREATION CORNER

The fans like to draw. We like to share! (What a dandy arrangement!)

[DRAWING BY EMILY RAVINE, AGE 6]

[DRAWING BY TRACI YOSHIMURA]

Yo Johnny,

My name is Natalie, and you are really cool. But you guys should print my sister's picture of herself with... SUPER POWERS...and me too. Valerie, my sister, is Nature Girl!

Natalie Joy Marlin, age 11
Lajas, Puerto Rico

[DRAWING BY VALERIE MARLIN, AGE 14]
